DECORATIVE DAHLIAS

Decorative Dahlias are large and usually full to the center, with loosely formed long flat petals. Many new introductions are remarkably beautiful. Some of the best cut flowers are in this class.

DECORATIVE

- Abalone.** A beautiful flower of shell pink, a variety you can always depend on, free blooming and of dwarf habit. 25c.
- ***Alex Waldie.** (Broomall) One of the most beautiful dahlias, immense flowers, held erect on strong stems. Unsurpassed in color; a creamy ground overlaid with salmon pink, floral rays wide and full. \$2.50.
- ***Amun Ra.** (Seal) Probably the most popular dahlia sent out in 1922. It does well North, South, East and West. To call it a glorified burnt orange hardly does it justice, the outer petals are gorgeous shades of copper and orange shading to gold and amber, deepening in the center to a rich, dark, reddish bronze with metallic lustre. The stems are wonderful, erect, and stout, and hold the immense blooms well above a strong, vigorous plant. The blossoms keep for days when cut, and last indefinitely on the bush. \$3.50.
- ***Arrow of Gold.** (Seal) A refined blossom of pure gold, deepening in the center and shading to golden apricot and amber at the outer petals. The large deep blossoms are held erect on long stiff stems. \$5.00.
- Breeze Lawn** (Dreer) A very large refined flower of Chinese vermilion. The best of its color and class. 50c.
- ***California Superba.** (Bessie Boston) An irresistible flower. Prizes, several in California shows for the biggest and best bloom. Probably the largest light pink dahlia ever produced. Flower composed of narrow petals of a delicate shade of pink without any blue tone, gradually shading to a white center. Very strong stem and proflic bloomer, retaining center all season. \$5.00.
- ***Carolyn Wintjen.** (Wintjen) A very beautiful salmon pink with rose shadings. A good sized flower with a good stem, free in bloom, excellent for exhibition, and fine for cutting. 75c
- ***Catherine Cooper.** (Broomall) Very large flowers of fine form and habit, rosy lavender in color. A beautiful flower which keeps its size and form the season through. \$2.00.
- ***Champagne.** (Bessie Boston) A perfect dahlia. Color is delightful, warm autumn shades, varying from burnished copper to a dull golden champagne and chamois. Stem is heavy and holds the massive flower absolutely upright. Free bloomer. Champagne is one of the best dahlias. \$7.50
-

- ***Della V. Potter.** (Broomall) A pleasing shade of lavender, with slight pink sheen, part of the flowers coming with white tips. The flowers are very large and beautifully formed, an extra fine variety for the garden or exhibition. \$1.00.
- ***Dr. Tevis.** (Pelicano) Immense flower of a blend of copper, old rose and old gold. A wonderful blossom with the best possible stem. Has a tremendous record as a prize winner. \$1.00
- Delice.** The old reliable cut pink flower of the florists. 25c.
- ***Earl Williams.** (Doolittle) Deep, regularly formed bloom, of scarlet, tipped white, borne on a fine stem. Different from Nobilis, as the red predominates. Recommended for any purpose. \$5.00.
- ***El Dorado.** (Bessie Boston) Size, stem and color of this variety are of the best. A strong feature of this dahlia is, the depth corresponds to the size. It has greater substance than any dahlia we have ever seen. And then, the wonderful color, vivid gold, heightened by the deeper tones at the base of the petals. Winner of the first prize at San Francisco for the best six dahlias of California origin. \$10.00
- Francis Burns, Jr.** Rosy pink with cream center. 75c.
- Glorieux.** (Tyler) A flower of wondrous beauty on long, strong stems. Color is golden yellow deepening to gamboge bronze in the center, each petal usually tipped white. It is a very free bloomer and with disbudding will attain a diameter of ten inches. The flower is very full and deep and is particularly satisfactory as a cut flower. \$2.00.
- ***Halloween.** (Broomall) Buff yellow, shaded with orange bronze. In color, similar to "King of the Autumn" but produces flowers fully twice as large, and many more of them, held perfectly erect on the finest possible stems. Gives promise of being one of the best commercial dahlias. \$2.00.
- ***Halvella.** (McWhirter) The color is a beautiful shade of rose pink, with flowers of very large size, of unusual depth and broad petals, standing erect on long, stiff stems. Very highly recommended for commercial purposes. Excellent keeping qualities. Also invaluable for exhibition. \$4.00.
- ***Helen Keller.** (Broomall) Large bloom of rich rose pink, fine stem and habit. \$1.00.
- Insulinda.** The most popular introduction from Holland. Broad, curling, twisting petals of dull gold and bronze, with a sheen like gold dust. Large deep flower of upright habit, graceful formation and large strong stems. \$2.00.
- ***Jane Selby.** (Bessie Boston) This dahlia scarcely needs an introduction, it has scored so many successes. Every time it is exhibited it captures first prize. The blossom is as

large as any dahlia grown, a delicate mauve pink of great substance and beautiful formation. The stem is wonderful, long and stiff, and flower grows well above foliage. \$1.00.

- ***J. W. Davis.** (Bessie Boston) The deepest shade of cerise at the center graduating to a lighter tint, the blending of two shades of cerise creating an entirely new effect. This giant flower has depth, size, perfect stem, making it as good for cutting as for exhibiting. One of the best dahlias and a success everywhere. \$4.00.

King of the Autumn. Beautiful buff of large size on long, stiff stems. Sometimes assumes the peony type. 75c.

- ***Kitty Dunlap.** (Bessie Boston) A beauty, blooms freely all season, has excellent keeping qualities, long firm stems, immense size, and great substance. It is of the delightful shade of the American Beauty rose. Winner of first prize at San Francisco for best fifty blossoms. \$4.00.

Le Grande Manitou. White ground striped and speckled violet. A very popular and useful dahlia. A free bloomer with good stems. Excellent for exhibition. 50c.

- ***Louis Markson.** (Archer) A remarkably rich carmine red, vigorous grower, and free bloomer, center closed and very full, good long stems and lasts well as a cut flower. 75c.

***Mabel B. Taft.** (Bessie Boston) Large, lovely yellow, suffused with pinkish apricot, lighter in the center and shading deeper towards the outer petals, large flowers on stout stems and lasts well as a cut flower. 75c.

- ***Mary C. Burns.** (Bessie Boston) A sensational dahlia. The outside of the petals are pure gold and the reverse a dull red. Stem is admirable and a wonderful free bloomer. Enormous size, but the coloring is what makes the blossom so unique. \$2.00.

Mephistopheles. (Marean) The most sensational of Judge Marean's Dahlias. Ruby red, showing small golden yellow points at the end of some petals, thereby enhancing its beauty. This large dahlia is held erect on a long, unusually stout stem. Very highly recommended, as it is different. \$5.00.

- ***M. H. DeYoung.** (Bessie Boston) Pure old gold, with scarcely any variation in color except the center is illuminated with a slightly brighter shade. Always a mass of immense deep blossoms, which are borne high on absolutely stiff stems. A superlative dahlia, which we think is a world beater. \$10.00.

Millionaire, The. (Stillman) One of the largest varieties in cultivation. Lavender, shading to white. Flowers of great

- depth and substance, on strong stems. Always attracts attention. \$1.00.
- *Mina Burgle.** The most popular decorative dahlia in the flower shops today. Free bloomer and a wonderful cut flower. 25c

No matter with how many other gems of dahlia flowers you place it, it is always singled out as the most attractive one. Flowers of medium size, freely produced on stout stems, and excellent for cutting. \$7.50.

- *Nobilis.** One of the most startling dahlias in the garden. Large, bold blossoms of scarlet and white, differing from Earle Williams, in that the white predominates. A wonderful sturdy bush, with long, strong stems, one of the first and last to bloom, and every blossom perfect. \$2.50.
- *Osam Shudow.** (Bessie Boston) A big heavy loose petaled dahlia, with a peculiar formation, more like a rose than a dahlia. Old rose slightly diffused with lilac and shading to yellow at the center. \$4.00.
- Orange Douzon.** (Bruant) Orange red, one of the largest and most popular of this class. 25c.
- Patrick O'Mara.** (Vincent) Pale gold, or orange buff, with just a suggestion of old rose at the outer edge of the petals. An eastern prize winner. \$1.00.

We know of no better service we can render the commercial dahlia world than induce them to get this greatest of all cut flowers. - *Princess Pat.** (McWhirter) Beautiful large blossoms of old rose, carried on excellent stems. A San Francisco prize winner. \$1.00.
- Porthos.** This new variety is the nearest in color to blue yet found in a dahlia, being a deep lavender. It is certainly beautiful, and attracts unusual attention when exhibited. Stem is long and strong, holding the flower upright, and it is one of the most desirable dahlias offered. \$2.50.
- Queen Mary.** Fine rose pink, free bloomer, good long stiff stems, an excellent cut flower. 25c.
- *Ralph Ball.** (Archer) Bold canary yellow, with just a tint of old rose. Wonderful large blooms with a closed center the entire season, good stem and fine bloomer. \$2.00.
- *Rookwood.** (Bessie Boston) For sheer beauty, this leads them all. An entirely new shade of pink, difficult to accurately describe. The color is like the popular Mrs. Charles Russell rose, a pure bright cerise rose. Immense flowers, good depth, and splendid straight stems. A true decorative. \$5.00.
- *Rosa Nell.** (Broomall) A clear bright rose, large flowers, coming perfectly full and double until frost. Good stems and habit. This grand dahlia has received the highest praise from all parts of the country where it has been tried. \$1.50.
- *Senorita.** (Lohrman) Each bloom, held absolutely erect on extra strong stems, measures from nine to ten inches across; of perfect form until late in the season. A rich velvety crimson, just the color to match the dark Spanish type of the "Senoritas" of the days of old. \$3.00.
- *Shadows Lavender.** (Bessie Boston) Possibly Bessie Boston's best introduction. A very large bloom of silvery lavender slightly shading to white. Stem is absolutely perfect, long and stiff. It will bloom constantly and freely from early to late season. A gold medal variety. \$5.00.
- *Snowdrift.** (Broomall) This is the best decorative white I have ever seen. An immense, very full, deep built flower, with broad, waxy, pure white petals. It is beyond question, the finest pure white dahlia in cultivation. The bloom opens quickly, never sunburns, and when the last petal drops, it is as pure white as when it first opened. \$1.00.
- *Sunny South.** (Broomall) The finest pure yellow dahlia in any class. Bright clear yellow, without any shading, flowers immense in size, of most pleasing form, very full and deep in the center. Plants dwarf, and very sturdy. \$10.00.

A very large, beautiful bloom, regularly formed of narrow, flat, pointed petals, of fine depth, in a distinctive new color tone, best described as a deep shade of lilac with a bluish sheen. Considered by many as the best 1923 introduction. \$10.00.
- ***T. A. Leonard.** (Bessie Boston) One of the best and good for any purpose. We never grew a dahlia which continuously produced so many immense flowers. Needs careful disbudding. Color is a deep cerise, or a bright carmine rose, different from anything grown. Has a wonderful center and a peculiar petal formation which is quite original. \$3.50.
- ***The Grizzly.** (Burns) Immense flowers of a rich dark velvety maroon. One of the varieties which is making California Dahlias famous. Blooms held on extra long stiff stems. One of the best and most prolific dahlias to date. \$1.50.

Reverse of petals, a rich pink, giving the whole flower a decidedly new color. Long, strong rigid stem. This variety does better when the weather is cooler and should be well watered. One of the best cut flowers. \$2.50.

Notwithstanding the many new introductions since then, it still stands supreme as The Best and Most Artistic Dahlia. A blending of colors which simply captivates. \$7.50.
